

# Molechaser®

## No more moles, no more holes

- Up To 9,000 Sq. Feet (1/5 Acre) Coverage
- Bury Flush With Ground For Easy Mowing
- Rodents Are Chased Away Unharmed
- Does Not Affect Pets
- Convenient Battery Change Cylinder
- 100% Waterproof

The Molechaser® is the easiest and most environmentally friendly way to get rid of moles, voles, gophers, shrews, pocket mice, ground squirrels and other burrowing rodents. Made of sturdy high impact materials, the Molechaser® is weather proof and proven effective. Penetrating sonic pulses of 300Hz at 15 second intervals irritate burrowing rodents and send them scurrying away. The unit can be buried flush with your lawn, allowing easy mowing without detracting from the look of your landscape. Other units leave battery compartments exposed to weather and your eye, but the Molechaser®'s patented battery cylinder allows you to change the batteries while the unit is still in the ground. With a battery life of 4 to 6 months and a lifetime warranty, the Molechaser® is cost effective, convenient and reliable.

Model..... P7901  
 Power..... 6V DC  
 Battery .....4 X D alkaline batteries  
 Battery Life .....4-6 months  
 Weight .....9 oz.  
 Dimensions..... 15" X 1 3/4"  
 Frequency..... 300 Hz  
 Duty Cycle ..... 15 seconds  
 Coverage ..... 9,000 sq. feet (1/5 Acre)  
 U.S. Patent Number .....5205066

Master Carton Quantity .....36  
 Master Carton Size.....22 1/2" X 10 1/2" X 18"  
 Master Carton Weight..... 25 lb.
