

## Morningstar Solar Controllers

### TriStar

- May be used for solar, wind, or hydroelectric
- 45A or 60A DC
- 12, 24, or 48 VDC
- Digital Meter Option
- Remote Meter Option
- Remote Temperature Sensor Option

### SunSaver

- Small system controllers
- 6.5, 10, or 20A DC
- 12 VDC or 24 VDC
- May be used in parallel for higher current

### SunLight

- Solar lighting controller
- 10A or 20A DC
- 12 VDC or 24 VDC
- 10 different lighting options

### SunGuard

- For one module systems
- 4.5A at 12 VDC
- Same charging circuit as SunSaver
