

SunRise™ Solar Powered Attic Fan

The environmentally friendly way to cool and protect your attic and roof

- 1. Solar Panel** - The latest “state-of-the-art” circuitry captures sunlight even on overcast days. Multiple-stacked cell, flexible and non-breakable, shade and shadow tolerant. Totally weatherproof, the panel is coated with Tefzel (PTFE) and protects the unit against hail, wind, and foreign objects.
- 2. Cover & Base** - Molded with UV-stabilized ABS plastic to prevent damage from sunlight. The top has a shingled appearance that helps the unit blend in with the roof while also providing additional stability & strength.
- 3. Fan Blade** - Specially designed 5-blade, 12” aluminum fan is pitched for maximum air flow. It operates “whisper quiet” with no harmonic noise.
- 4. Stainless Steel Screen** - Keeps animals out while allowing maximum air flow.
- 5. Mounting Hardware** - Stainless steel motor brackets and vertical standoffs provide a flexible and adjustable frame for easy removal or replacement.

Specifications

Model:	850	1050	1250
Solar Panel:	11 Watts	15 Watts	20 Watts
Airflow (Cubic Feet per Minute):	850 CFM	1050 CFM	1250 CFM
Attic Capacity:	1200 sq ft	1600 sq ft	2000 sq ft
Unit Dimensions:	Height: 7” / Top: 25.5” x 21.25” / Flat Base: 24.5” x 24.5”		
Shipping Weight:	16 lbs	18 lbs	18 lbs
Package Size:	25.5” high x 27.25” wide x 11.25” deep
